AFTERHOURS PACKAGES AVAILABLE

We understand that sometimes there are not enough hours in the day so the BSSC team are here to help you when you need it most - afterhours

ABOUT OUR FACILITIES

ROCK CLIMBING

Several different challenges to try your hand at, including slight overhangs and foot holds placed just right so you don't feel like you've got nothing left to give by the time you reach the top

ROPE CHALLENGES

While they're designed to be challenging, don't underestimate them. A 10 meter cargo net and panel wall are just some of the challenges that await

ABSEILING

Whether its indoors inside the centre or feeling exposed on our outdoor abseiling platform you choose the setting to take that first step

HIGH ROPES

Climb up and step out onto the wires and challenge yourself to traverse four different 10 meter spans, all whilst being 8 meters off the ground

ACHIEVE WHAT YOU THOUGHT YOU COULDN'T

CRAIG SADLER LTC CO-ORDINATOR

25 plus years experience with outdoor and indoor rope activities, certified professional and avid community supporter for climbing and adventure sports
